

The Lakeshore Heart Centre's "Arrhythmias Unraveled 2.0"

(No Jargon - An update in simple terms).

On Sunday the 21st of August 2016

at Ramada Resorts, Kochi.

Dear Colleague,

Greetings from Lakeshore Heart Centre!

The Lakeshore Heart Centre has a strong academic tradition and it is our endeavor to constantly revisit and update.

ECGs have always been enchanting. So has been Arrhythmias. It is indeed intellectually satisfying exercise to unravel them. "ARRHYTHMIAS UNRAVELED" was conceived for the purpose. We were overwhelmed by the response and enthusiasm it received for its first version in September 2014. We are pleased to announce its version 2. It is the "ARRHYTHMIAS UNRAVELED" 2.0 on the 21st of August 2016 at Ramada resorts, Cochin.

It will be a half a day session revisiting arrhythmias. Will go over practical algorithms to deduce them and also on how we manage them. It will be directed at Physicians / Cardiologist dealing with this subset of patients. The sessions will be deliberated by cardiologists and electrophysiologists (both in-house and external) with expertise in arrhythmias. We are glad to have seasoned and acclaimed EPs Dr Anandaraja (IGGGH & PGI, Pondicherry) and Dr Raja Selvaraj (Jipmer Pondicherry) as external expertise.

We welcome you and look forward to your participation.

Dr. Anand Kumar V
Consultant Interventional
Cardiologist

Dr. Cibi Issac
Consultant Interventional
Cardiologist

Dr. P.R. Bhima Shankar
Consultant Cardiologist &
Electrophysiologist

PROGRAMME

09.00am	: Registration
09.30am - 09.50am	: Evaluation of Bradyarrhythmias Speaker: Dr. Anandaraja Moderators: Dr Saji Kuruttukulam., Dr Sudhir NM, Dr Nigil Cletus
09.50am - 10.10am	: When does one need a pacemaker? Speaker: Dr Raja Selvaraj Moderators: Dr.Eapen Punnose , Dr. Varun C, Dr Deepu Rajendran
10.10am - 10.30am	: Approach to narrow QRS tachycardia Speaker: Dr Bhima Shankar Moderators: Dr Johny Joseph, Dr. Stiji Joseph, Dr Saji Subramaniam
10.30am - 11.00am	: Inauguration
11.00am - 11.20am	: Broad QRS tachycardia – Differentials and distinction. Speaker: Dr Anandaraja Moderators: Dr Madhu Paulose Dr. Anoop Mathew Dr Sujithkumar
11.20am - 11.40am	: Ventricular tachycardia in structurally normal heart. Speaker: Dr Raja Selvaraj Moderators: Dr. Deepak Davidson,, Dr. Manoj Thomas Dr Sajan Ahmed
11.40am - 12.00noon	: What do you when you are confronted with a patient with syncope? Speaker: Dr Bhima Shankar Moderators: Dr. Naveen Mathew, Dr Praveen Jayan, Dr.Blessen Varghese
12.Noon - 12.20pm	: Electrophysiology for the non-electrophysiologist / Indications for ablation Speaker: Dr Anandaraja Moderator: Dr. Louie Fischer, Dr. Renjukumar, Dr.Arun Kumar
12.20pm - 12.40pm	: VT in structurally abnormal heart - Role of Ablation & Timing of ICD implantation. Speaker:Dr Raja Selvaraj, Moderator: Dr. Harsha Jeevan, Dr Jithu Sam, Dr, Susant
12.40pm - 01.20pm	: Lunch.
01.20pm - 01.40pm	: Atrial fibrillation- An overview. Speaker: Dr Anand Kumar Moderator: Dr Rajiv Varghese, Dr Tony Thomas, Dr Ravi Cherian
01.40pm - 02.00pm	: NOAC – How do you choose? Speaker: Dr Cibi Issac Moderator: Dr Jain Kalarikal, Dr Thomas Mathew, Dr Jeyaram Reddy
02.00pm - 02.20pm	: Approach to incidentally detected LBBB & VPCs. Speaker: Dr. Bhim Shankar Moderator: Dr Mathew Abraham, Dr Paul Thomas. Dr Venkatesh
2.30pm	: High tea and wrap up

The Lakeshore Heart Centre's "Arrhythmias Unraveled 2.0"

Undergoing bold new change, uncompromising on empathy and science
